

RANGE TRIM

Use this drawing when there is countertop between the cutout and backsplash or wall.

Provide the (H) dimension if counter has a square front edge only.

Disregard dimension (B) if there is not a gap behind the range.

A _____
Width of the Cutout

B _____
Gap Behind the Range

C _____
Available Counter Space Behind Range

E _____
Overall Width of Range

F _____
Distance from Back of Range to Front of Counter

G _____
Distance from Front of Wall to Front of Counter

H _____
Thickness of Countertop

NOTE: Please be as accurate as possible when providing dimensions and provide as much information as possible.

STAINLESS STEEL FINISH
(ANODIZED, BRUSHED ALUMINUM)

TRUE STAINLESS STEEL

WHITE

BLACK

Color:

Note: Dimensions **F & G** should stop at the flattest area near front of countertop, before beveled or bullnosed edge. These measurements should be checked on both sides of the range.
